

Project Title: Digital Character Sheet

Problem Statement (What need does this project fill):

There are no good digital character sheets for Dungeons and Dragons that are also free to use.

Project Objectives:

To create a functional digital character sheet that has been released for free to the public.

Scope Statement:

In Scope:

Mild automation of skills

Automation for short/long rests

Option to add homebrew

import/export

Out of Scope:

Automatic dice rolling

Assumptions:

The user is familiar with Dungeons and Dragons.

Risks/Constraints:

Only so much data can be added as base due to Wizards of the Coast copyright.
